

Action Plan Proposals 2019 – 2020

NB: other actions may be proposed prior to, and at, the AGM. Please contact the Chairperson or Secretary if you have comments or suggestions.

It is proposed that the following actions form the basis of the Action Plan for 2019-2020:

1. To continue to establish screenwriting research as a scholarly field within academia via conferences, publications and other means of communication.
2. To support the organizers of the upcoming conferences, through advice, information and practical support where possible.
3. To support working groups within the network and to establish forms and devices to make them more visible (Panels at annual conferences, etc.).
4. To further develop a database(s) of archival material for screenwriting research.
5. To continue the work of the Unified Bibliography of Screenwriting Research (http://www.zotero.org/groups/screenwriting_research_network) – for which we encourage everyone's contribution.
6. To create a database of ongoing and planned research projects within our field.
7. To review the statutes of the network and present possible changes to the AGM.

8. To continue the publishing of our Newsletter.
9. To work with a representative of Early Career Researchers within the EC.
10. To honour the best research in our field with an annual Award to be presented at our annual conferences.
11. To address the need to attract an international and global membership, beyond our current reach.
12. To hold 9 or more Skype conference calls per year, and to attempt to hold face-to-face meetings of the Executive Council at least once per year (in addition to the annual conference).
13. To take further measures to reach out to, and present SRN within wider academia, and to the interested public in general.
